Purpose

The purpose of the Job Analysis Advisory Committee is to assist in the activities of conducting a job/practice analysis to define performance domains, tasks and associated knowledge and/or skills, and sets of content item specifications to be used as the basis for development of an assessment. And from the job/practice analysis confirm a blueprint for use to design the examination.

Scope and Timeline of Committee Work

- ▶ The committee will meet twice, once in fall 2012 and once in spring 2013.
- ▶ Materials will be provided in advance of each meeting which will require review.
- ▶ Committee members will complete the job analysis survey as part of the pilot test and offer comments.
