

ADVERTISEMENT OPPORTUNITIES

WEBINAR SPONSORSHIP

HMDCB hosts webinars that keep certificants informed on relevant topics in the field. These events offer sponsors the opportunity to support valuable physician education while promoting their services to more than 1,350 hospice physicians.

SPONSORED EMAIL

A sponsored email is sent on your behalf to all HMDCB certificants, and our staff can help create an engaging, attention-grabbing message. This is an excellent way to promote open positions, educational events, and more.

NEWSLETTER BLURB

A newsletter advertisement provides a great opportunity to promote your organization, services, events, or open positions to HMDCB certificants. Through newsletter advertising, your message will be featured in one of our bi-weekly newsletters and reach more than 1,350 hospice physicians.

CUSTOM PACKAGES

HMDCB staff is open to working with interested parties on a mix of the above options that would allow for enhanced engagement with HMDCB certificates and benefit your organization. Depending on the package, a discount may be available.
